2021 remained yet another triumphant year for MD Pictures. The collaboration between MD Pictures and WeTV Indonesia in producing WeTV Originals Series has proven to be a big success. With multiple consistent number one hits on WeTV's Hot and Trending list as well as record-breaking viewership numbers, MD Pictures is continuing to bring fan-favorite new WeTV Originals projects; **Mozachiko**, **Tilik the Series**, **My Lecturer My Husband Season Two**, **Kisah Untuk Geri Season Two** and **Antares Season Two**.

"For decades, MD has been entertaining consumers as an integral part of the Indonesian creative industry," said Manoj Punjabi, CEO and founder of MD Entertainment. "Today, during an unprecedented growth in online video streaming, we are committed to continue providing exciting new over-the-top (OTT) content for viewers to stream in the comfort of their homes or while on the go. In a short span of a year, MD Pictures has successfully shifted gears and became a forerunner in Indonesia's digital entertainment revolution."

This upcoming year, MD Pictures aims to provide a substantial amount of premium entertainment on WeTV Indonesia. The titles below are only the beginning.

### **Key highlights of MD Pictures' showcase titles include:**

- From the hit Wattpad novel with the same title, **Mozachiko** is a swoon-worthy, romantic-comedy that follows the life of a feisty yet awkwardly adorable young woman who is set on getting the school's heartthrob to fall in love with her in 100 days. Starring promising young talents Rebecca Klopper and Junior Roberts, Mozachiko touches on themes of friendships, courtships and family.
- An adaptation and continuation of the short movie that became a viral YouTube sensation, **Tilik the Series**. Starring the same main cast as the video that received 26 million views and became the number one top searched movie on Google Indonesia in 2020, Tilik the Series follows the struggles of Bu Tedjo as she campaigns for village chief against powerful male figures, one of which is her own husband.

- **My Lecturer My Husband Season Two**, a highly-anticipated continuation to the first season that broke all viewership records and became the only Indonesian title in the top 3 of WeTV's all time favorite list. With a lineup of seasoned superstars, Reza Rahadian and Prilly Latuconsina, this drama-romance develops the story of the unconventional student-professor relationship even further.
- **Kisah Untuk Geri Season Two** aims to resolve the upsetting cliffhanger from season one. Set years after their separation, season two reunites the lovers once again, only to have them realize that distance wasn't the only problem they had to overcome. Another fan-favorite, season one remained on the WeTV Hot and Trending list for months and amassed a stunning 1.2 billion views on the hashtag #kisahuntukgeri on TikTok. Kisah Untuk Geri stars the recipient of Festival Film Indonesia's Favorite Male Actor Award 2021, Angga Yunanda, and one of Indonesia's most promising young female actresses, Syifa Hadju.
- Indonesian fan favorite biker gang, Calderioz, is back in action in **Antares Season Two**. Ares, the respected leader in Calderioz, finds himself in an impossible situation where he must choose between his relationship with Zea or maintaining his position as head of the gang. Being one of 2021's most successful titles, Antares Season Two stars the same cast that managed to accumulate over 185 thousand followers on the official Instagram as well as a record-setting 2.6 billion views on the hashtag #antarestheseries on TikTok.
